Safe and Effective Sedation for the Pediatric Dental Patient

Hyatt Centric Magnificent Mile
Chicago, Illinois

MARCH 8 – 10, 2018

This course features the recognized leaders in the field, both in dental anesthesia as well as pediatric dentistry. You’ll find didactic lectures, case studies, film clip sessions, panel discussions and hands-on breakouts with personalized attention. There will be dedicated forums to ask questions and talk about specific issues with course faculty, discuss techniques for effective communication with the patient and parent to address unusually challenging and complex situations. This course will offer opportunities to gain hands-on experience while learning airway techniques to rescue patients and will include breakout sessions with manikin practice with face masks, ambu bags and the insertion of nasal and oral airways; all in a personalized setting with real equipment and monitors.
